MHS Band Contract and Acknowledgement Signature Page

Parents/Guardians must initial their name next to each statement.

_____ My student and I have read, understand, and agree with the band rules and protocols as stated in the Marietta Band Handbook for the 2026-2027 school year and marching season.

_____ Participation in the marching band is a privilege, not a right. Any student who exhibits disruptive, disrespectful, or inappropriate behavior during band camp or throughout the marching season may be removed from participation. Final decisions regarding membership in the program rest solely with the band directors.

_____ I have read and understand all content set forth in the 2026 Blue Devil Marching Band Informational Packet

_____ I understand I am entering into a financial agreement with Marietta Band Association, a 501(c)3 nonprofit group. I agree to pay fees and fundraise to the best of my ability. I acknowledge payment in full of band fees ensures "good standing" status, which enables my student to participate in optional band activities and trips in the school year, and other school activities such as Prom, etc. No refunds will be issued if a student decides to stop marching after committing or is removed from the band.

_____ I understand that this commitment means that my student will benefit from individualized and small group instruction during band camp and throughout the fall season.

_____ I understand that my student is responsible for being a timely participant in every rehearsal, competition, and any other required performances.

_____ I understand that my student's image may be used on the Marietta High School Bands social media accounts.

_____ We understand that membership in the marching band is extra curricular. Performing with an extra curricular ensemble is a privilege, not a right.

_____ All woodwind, brass, and percussion members of the marching band must continue their enrollment in either Concert Band, Symphonic Band, or Wind Ensemble to be a member of the marching band. Students who participate as a member of the color guard, do not need to be a member of a band class. It is recommended however they pursue musical training or dance training within the classes offered at Marietta High School.
