

The background features several sets of wavy, concentric teal lines that create a sense of movement and depth. These lines are arranged in a way that they seem to flow around the central text, with some lines being more prominent than others. The overall effect is a modern and artistic design.

Financial Responsibility

1. Any student not currently on their payments will not be allowed to march this season.
2. No refund of any dues will be given to any family or student for any reason including family moving, school conflicts, or a change of mind. The only exception would be for serious health issues (must be validated by a physician's note).
3. Not paying the complete dues may result in discipline issues from MHS including the possibility of not attending Prom or walking with your graduating class.
4. All students will also be responsible for purchasing Specific Marching Shoes - (Required specific brand - Approximately \$45) Link available after committing and deposit is completed.

Other Thoughts to Highlight

1. Participation in the marching band is a privilege, not a right. Any student who exhibits disruptive, disrespectful, or inappropriate behavior during band camp or throughout the marching season may be removed from participation. Final decisions regarding membership in the program rest solely with the band directors.
2. All woodwind, brass, and percussion members of the marching band must continue their enrollment in either Concert Band, Symphonic Band, or Wind Ensemble to be a member of the marching band. Students who participate as a member of the color guard, do not need to be a member of a band class. It is recommended however they pursue musical training or dance training within the classes offered at Marietta High School.

The background features decorative wavy teal lines in the corners, creating a modern, flowing aesthetic. The lines are layered and have a slight gradient, giving them a three-dimensional appearance.
